Will you call Fabian Cheng ASAP Monday morning. I don't want the City to say that they were waiting for your follow-up call that never came. Be agressive. Ask for what you need to make this work! Please let me know what happened. Thank you.

We are meeting with Fabian Cheng Division Manager for Bureau of Street Lighting. He says you can reserve a Melrose poles for 1 year. Then reserve for 2nd year, 1 day later. He said there is a new system that would correct previous problem. Thoughts?
